

WAREHOUSE MANAGEMENT IS MORE EFFECTIVE WITH LARGO

Every company that owns a warehouse must have operation issues from misplaced or missing items, wrong delivery, FIFO is not implemented well, inefficient process, too slow, inaccurate stock check, etc.

LARGO is the solution for all your warehousing issues. Using Barcode technology, LARGO will be able to help your company in managing your warehouse easily, efficiently, accurately and professionally.

WHY LARGO

ALL THE CORE FEATURES ARE READY!

- 1 EASY TO USE**
LARGO is very intuitive and easy to use even by those who have not used a system previously!
- 2 COMPLETE FEATURES**
Core features like Serial Number tracking, FIFO/FEFO Cycle Count, etc are readily available.
- 3 EASY INTEGRATION**
LARGO can be integrated with ERP or other third party.
- 4 EXTENDABLE**
LARGO can be extended to other operational activities accordingly for a more complete, end-to-end efficiency.
- 5 FULL BARCODE**
Using Barcode optimally to enable effective and swift items tracking and traceability.
- 6 EASY IMPLEMENTATION**
LARGO is designed with quick implementation in mind that it is possible to get it done in the matter of days.
- 7 QUICK SUPPORT**
Quick and professional response by our support team via online chat or call to Remote Access Support.
- 8 CLOUD OR ON PREMISE**
Are you going to use your own server or prefer to get hosted on the Cloud? LARGO supports both methods.

- 1 Inbound**
Print barcode labels for all incoming items
- 2 Tally**
Apply labels, scan to tally, register serials, batch, expir
- 3 Put Away**
Store items to bin and register bin locations

4 Warehouse Operation

Item Transfer, Cycle Count, Stock Take, License Plating, Assembly, Kitting, etc

5 Picking

Assisted picking based on FIFO, FEFO, serials and Batch
